Prepared by: Amanda Dixon

Our weather looks great for the remainder of this week and through the weekend. Monday morning looks to be IFR ahead of an approaching cold front. We should see showers in the area Monday afternoon. The forecast is uncertain from Tuesday through the end of the week, dependent upon how quickly the front moves out of our area.

Note: This product is posted on Mondays, Wednesdays and Fridays NLT 1000L and is for non-operational, planning purposes only.
